International Thanksgiving Feast at SIS. It is hard to describe how important the SIS **International Thanksgiving Feast is for all of us!** The SIS International Thanksgiving Feast is an event that shows how fortunate we all are to be part of this wonderful community. Looking at the different flags

representing our countries, trying the variety of traditional foods and listening to the different languages, proves that we have real diversity in our school and that we respect each other and value what we each bring to this special place. This event was a celebration of peace, trying to understand and live together in harmony. We all felt like ambassadors of our countries helping make this holiday such an unforgettable day.

We are all proud of the success of this event; it was only possible thanks to the involvement and care of our parents, students and other friends.
