

Our mission is to help each child reach his or her full potential by providing a positive environment that fosters academic, emotional, and social growth in each student.

Announcement

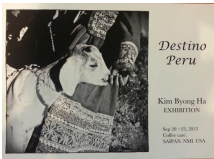

A note from the Headmaster

I am very pleased to announce our new National Honor Society Mentoring Program. In this program junior and sophomore members of the NHS will be available to offer free after school tutoring for students in grades K4-10. The program will be held daily from 2:45-3:45 at school. If you feel your child will benefit from some after school individual help by a high school student please send me an email to dalejsis@yahoo.com with your child's name, grade, what subject you feel he/she needs help, and what days you want the tutoring to take place. We will then match the mentors with the students and start at the beginning of the second quarter.

I want to thank the members of the National Honor Society for volunteering for this exciting new program.

*Thank you to all parents, students and community who visited the Photo Exhibition of our talented **Byong Ha Kim** - Greg.*

Soon we will be displaying these pictures on the school's walls. ☺
